UNDERSTANDING YOUR COMMERCIAL ELECTRICAL RECONNECT PERMIT

Before occupying a commercial building, an inspection of the interior and exterior of the building must be performed. The Building Inspector must have access into the building. Upon completion of the approved inspection, CenterPoint will be emailed with a release from the City of Rosenberg. Your provider will need to contact CenterPoint for the release.

If your inspection is not approved, the appropriate corrections will need to be made. A re-inspection will need to be scheduled.

A reconnect permit is required each time there is a name change on the service statement, disconnection of service, or change in electrical providers.

***THE CITY OF ROSENBERG NEITHER TURNS ON YOUR POWER,
